

HAN ASSET ORDERING

To place a request order, log on:

<http://hanassets.nd.gov/>

If you have an established account, log in. If you don't please register (upper right).

In the search bar type item(s) needed (example, N95 Respirator Masks)

Choose what you are requesting and submit order.

Please assist us by returning what was issued to you for any fulfilled requests by donating the same quantity and brand back to the NDDoH State Medical Cache when items come available to your facility at a later date. This will help ensure we have enough supplies available to the medical and first responder communities in the state.

Be advised we cannot take payment for medical cache items, strictly donations. Attached is a donation form that is to accompany all returned items.

Thank you.
